250

Dyeing individual items (mainly in Black) has always been available as a cosmetic alternative to Natural Nylon. Suitable for many applications, Blackened Nylon, however, has limited outdoor use as the dye can often wash out.

Moulding in Black Nylon is the best way to get increased outdoor performance and in this catalogue only items made this way are shown in each section under the heading BLACK NYLON.

All Natural Moulded items are able to be dyed and we will continue to offer this service, should you require it.

AVAILABLE ON REQUEST INCLUDE; SLOT, HEX SLOT, PAN SLOT, SET SLOT, IILLIPS, HEX SOCKET CAPS. PAN PHILLIPS, FILLISTER SLOT, PHILLIPS JND HEAD AND WING SCREWS.
